

Community Assets Conference

Organised by the Bristol City Council Community Buildings Team

- Thursday 23rd September 2010
- At the St Werburghs Centre, Horley Road, BS2 9TJ
- 9.30am - 1.30pm

The aim of the conference is to introduce the new Community Asset Transfer Policy and to inform, encourage and enthuse the people and organisations that manage community buildings in Bristol. The conference will focus on how community assets can be used to empower communities and create lasting change in local neighbourhoods. The event is aimed at all third sector organisations in Bristol and at in particular those who have their own premises or are looking to acquire a building.

The conference will be opened and chaired by Cllr Barbara Janke, the Leader of Bristol City Council, who will formally launch the new CAT Policy. A guest speaker will deliver an interesting and captivating keynote address, after which there will be a choice of workshops, followed by a buffet lunch.

This is a free event, but places are strictly limited and pre-booking is essential. It may be necessary to limit the number of places per organisation, in order to achieve a mixed and balanced audience.

More information about the conference and an online registration form can be found at www.bristol.gov.uk/catconference

For more information about the conference itself, please feel free to contact us: Gurpal Singh: 0117 922 3786, John Bos: 0117 903 6440
