On Saturday 26th November 2011, LinkAge in association with the Vassall Centre and University West of England Students Union (UWESU) will be hosting the Fishponds Fair.

LinkAge aims to empower older people in the community and challenge social isolation by helping to set up local activity and community groups. This event will be the first of its kind in Fishponds bringing UWE Students and older people in the community together to share their skills, experiences and knowledge.

The Fishponds Fair will be held at the Vassall Centre from 11am -3pm on Saturday 26th November. Where there will be demonstrations of line dancing, new age kurling and lace making. We will also have stalls hosted by UWE students giving taster sessions on photography, drama, cultural workshops and much more.

The event is an opportunity for the over 55's to let LinkAge and other local organisations know what they would like to see happening in and around Fishponds.

We would be most grateful if you could inform your congregation of the event and perhaps circulate some of the flyers enclosed with this letter. If you are available on the day it would be lovely to meet you.
